Privacy Policy & Terms of Service - 2023

Privacy Policy

Your privacy is important to us. Our company is privately owned and does not share or sell any information with any third party companies. We do not allow advertising on our main website or our online/streaming site. If purchasing our programs using a credit card on our website shopping store or calling us directly, all data is secure, encrypted, and never shared.

Personally Identifiable Information

The TV Teacher, LLC does not collect any personal data from children. No information is collected while using our program. The only information needed to administer an online license is the name and email of the teacher or therapist that will be the owner of the license as their email is their login ID. Our company is privately owned and does not share or sell any information at all with any third party companies.

Copyright

All purchased online licenses will be assigned to a specific email and accessed on our website <https://streaming.thetvteacher.com>. These licenses are not to be shared between teachers/therapists. Our streaming site can only be accessed individually. As soon as one license is logged on and another user tries to log on using the same email, the first user will immediately be bumped off the site's access.

Teachers/Schools:

These video programs are intended to be used with ONE classroom only (approximately 30 children), but can be used year after year. These video programs cannot be broadcast to several classrooms at a time through school or district audio/visual means. Our workbooks are to be purchased for one/student. They are not to be reproduced for more than a single student, but may be reproduced solely for any student who may require additional practice.

Therapists:

These programs are intended to be used with children in your school caseload (or in your clinic) working one-on-one, in small groups, or in a classroom setting. Our workbooks are to be purchased for one/student. They are not to be reproduced for more than a single student, but may be reproduced solely for that student who may require additional practice.

Parents/Guardians:

These programs are intended to be used with any number of children you may have in your household.

Online licenses for our streaming site

At this time, we do not offer district wide or school wide licenses. Purchased online licenses will be assigned to a specific email and accessed through our website at <https://streaming.thetvteacher.com>. These licenses are not to be shared between teachers/therapists. They can only be accessed individually and as soon as one license is logged on and another user tries to log on using the same email, the first user will immediately be bumped off the site's access. Therefore, please do not share your login information and password with anyone else.

An email license may consist of one or more purchased programs (whichever programs best suit your needs and budget) but is attached to one specific email. All programs are a one-time cost and not a yearly subscription; however, a \$10 yearly maintenance fee per email license (not per program) will be billed in May and due by August for the next school year (August-July). If the fee is not paid, the license will be marked "inactive" and unable to be accessed. It can be reinstated in future years after the current yearly maintenance payment has been made--you will not "lose" your paid license.

If there is any teacher/therapist turnover from year to year or within the year, licenses can be switched over to a new replacement by contacting us for this service: susan@thetvteacher.com or 770-971-0450. Each program, once purchased, is assigned to a specific user (license) and cannot be transferred to other existing user licenses. They can only be transferred to a new license entirely. In other words, we cannot take Number Beats from a previously purchased license even after that teacher leaves and move it to another existing teacher's license because they want to use it. The license of the teacher that has left will remain intact (with all specific purchased programs attached to it) and can be reassigned in its entirety to a newly assigned teacher for that classroom.
